The dimensions set out in this document are approximate dimensions. For tolerances, our conditions of sales and terms of payment apply exclusively. We therefore recommend that you check if the specifications given in this document are appropriate for your designated technical solution. We have no control over the ways in which our products are applied, used and processed and these are therefore your exclusive responsibility. Hence, in either case, our

warranty relates to the consistent quality of our products in line with our specification according to our general conditions of sales and terms of payment. If despite this, the question of liability should arise, then this will be limited to all loss in respect of value of the goods delivered by us and used by you. REHAU excludes any warranty and liability in respect of the use of original parts and accessory parts other than those featured in our literature.
